Tim Miller
Director, Public Works Department
Yellowstone County
P.O. Box 35024
Billings, MT 59107-5024

Dear Mr. Miller,

This letter is in support of Yellowstone County's 2024 Keller Rd Recycled Asphalt Project. The 911 Emergency Dispatch Center supports the improvement of the transportation infrastructure throughout Yellowstone County. As an emergency dispatch center, we realize our first responders must rely on the safe transportation infrastructure of the County in order for us to continue to save the lives of citizens in crisis. We realize that some of these infrastructures are in very rural areas but regardless of the number of residents or homes in that area, we must have safe access to them.

We recognize the importance of developing and maintaining the transportation infrastructure to the continued success and the safety of emergency responders' efforts in Yellowstone County. We very strongly support this application for assistance.

Sincerely,

Derek Yeager
Director-Billings City/County Emergency Communications Center

Yellowstone County

OFFICE OF THE SHERIFF

Yellowstone County
P.O. Box 35024
Billings, MT 59107-5024

Dear Mr. Miller

I am sending this letter in support of Yellowstone County's 2024 Keller Rd Recycled Asphalt Project. The Yellowstone County Sheriff's Office is very interested in supporting the improvement of transportation infrastructure throughout Yellowstone County in the interest of public safety. The improvement to this section of road as an alternate detour during the repairs of the Duck Cr Bridge, will be a beneficial improvement to the transportation infrastructure that is vital to the success of the Sheriff's Office and other first responders in our efforts to ensure the safety of our citizens and our responders.

We recognize the importance of developing and maintaining the transportation infrastructure to the continued success of all emergency services efforts in Yellowstone County.

We very strongly support this infrastructure improvement.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mike Linder".

Mike Linder,
Sheriff

Dear Mr. Miller,

This letter is in support of Yellowstone County's 2024 Keller Rd Recycled Asphalt Project. American Medical Response supports the improvement of the transportation infrastructure throughout Yellowstone County. As an emergency responder, American Medical Response must rely on the safe transportation infrastructure of the County in order for us to continue to save the lives of citizens in crisis. We realize that some of these infrastructures are in very rural areas but regardless of the number of residents or homes in that area, we must have safe access to them.

We recognize the importance of developing and maintaining the transportation infrastructure to the continued success and the safety of emergency responders' efforts in Yellowstone County. We very strongly support this application for assistance.

Sincerely,

Brian Hansen
Operations Manager
