Project: Metra Park Geodesic Dome  
369 Hwy 312  
Billings, Montana 59101

**DESCRIPTION: 50' Diameter Geodesic Cover**

Proposal assumes 2 phases:

**SCOPE OF WORK:**

Phase 1 –Site visit to inspect and survey geodesic frame system for the development and layout of patterned panels.

**Est. \$5,000.00**

Phase 2 -supply scope including  
Final design patterning & shop drawings  
Fabric Membrane Supply, Fabrication, Delivery, and Installation

**Est. \$32,000.00-35,000.00**

**Furnished Materials**

1. PVC coated polyester membrane, in white,
2. All tensioning hardware and supplies
3. One year workmanship warranty provided by Fabricon.
4. Fabric Manufacturer's prorated warranty (10 year).

**Excluded:**

1. Taxes, Performance, or payment bonds, building permits or fees.
2. Rental equipment to aid in the install, assuming lifts to get over the dome would be available.
3. Any of the following systems, components, or their attachment to our work – caps, gutters, metal flashing, mechanical systems, electrical, lighting, and lightning protection systems.
4. Any site work or landscaping work.
5. Anything not mentioned above

**Schedule**

1. General Contractor/owner and Fabricon agree that scheduling of this work shall be mutually agreed upon per the project C.P.M. schedule. Engineering, materials procurement, material fabrication, delivery and installation will be scheduled according to standard industry durations. Upon receipt of a contract or purchase order, a more definitive schedule will be drafted detailing standard milestones. This schedule will be sent within ten (10) working days of receipt of a fully executed contract or purchase order.
2. No work will commence until Fabricon receives a fully executed contract or purchase order.

**Project Schedule:**

➤ Receipt of PO & Deposit..... TBC

- Patterning..... TBC  
➤ Fabrication..... TBC  
➤ Delivery..... TBC  
Schedule dates subject to time of order/confirmation

Special Clarification

- to be noted upon confirmation.

Payment Terms

1. Our price assumes that Fabricon will receive prompt payments. We will provide reasonable documentation of material acquisition, work completed, material shipment information, and casualty insurance for stored materials. General Contractor/Owner shall arrange to pay as per these terms. Fabricon does not release any rights to claim additional cost related to these delays.
2. Fabricon will submit Payment Applications and invoices based upon the following schedule.  
*Phase 1: Payment of \$5,000.00 initial payment for site visit and development of patterns to determine material acquisition and fabrication.*  
*Phase 2: 50% deposit for material acquisition and fabrication*  
*Balance Due upon installation*
3. A signed proposal is required along with PO to proceed
4. This proposal is valid for 30 days

For and on behalf of Fabricon LLC.

Sincerely,

Mark Welander
