

YELLOWSTONE COUNTY BOARD OF COUNTY COMMISSIONERS

Resolution No. 25-04

Resolution to Create Yellowstone County Rural Special Improvement District No. 912M To Maintain Dry Hydrant in Sparks Industrial Park Subdivision

WHEREAS, pursuant to Sections 7-12-2101 through 7-12-2113 of the Montana Code Annotated, a board of county commissioners has the authority to create a rural special improvement district to construct and maintain a public improvement. When all the owners of the land in the proposed district do not consent to the creation of the district, a board should pass a resolution of intent, set a public hearing, provide notice of the public hearing, receive protests, hold a public hearing, consider protests and pass a resolution that either creates or does not create the district. When all the owners of the land in the proposed district consent to the creation of a district, the board does not have to hold a public hearing or pass a resolution of intent. The board can create the district with a resolution without a hearing.

WHEREAS, the Yellowstone County Board of County Commissioners received a petition from Sam Sparks of SAMM, LLC to create a rural special improvement district to maintain the dry hydrant installed in Sparks Industrial Park Subdivision. See Exhibits A-G attached. As a condition of subdivision approval, the Board required it to install a dry hydrant and create a district to maintain the dry hydrant. SAMM, LLC owns all properties within the proposed district and have consented to the creation of the district. Because Sam Sparks has consented to the creation of the district, the Board does not have to hold a hearing to create the district. The Board only has to pass a resolution to create the District.

Petition to Create Special Improvement District for Sparks Industrial Park Subdivision – Dry Hydrant

On December 11, 2024, Mark English, a Deputy Yellowstone County Attorney assigned to the Civil Division, reviewed a petition to create a rural special improvement district to maintain a dry hydrant to be installed with the construction of Sparks Industrial Park Subdivision. The petition appears legally sufficient.

The petition indicates what land will be included in the district (Sparks Industrial Park Subdivision), what public infrastructure will be maintained (dry hydrant), what will be done to maintain the infrastructure (inspection), the cost to maintain the infrastructure (\$25 per parcel), how the cost will be paid by the landowners in the district (per parcel) and whether all the landowners consent to the creation of the district (all consent, only developer).

Because all the landowners consented to the creation, the County does not have to hold a hearing to create the district.

Petition to Create Special Improvement District for Sparks Industrial Park Subdivision – Roads

On December 11, 2024, Mark English, a Deputy Yellowstone County Attorney assigned to the Civil Division, reviewed a petition to create a rural special improvement district to maintain the roads to be installed with the construction of Sparks Industrial Park Subdivision. The petition appears legally sufficient.

The petition indicates what land will be included in the district (Sparks Industrial Park Subdivision), what public infrastructure will be maintained (roads), what will be done to maintain the infrastructure (maintenance, weed control, snowplowing), the cost to maintain the infrastructure (\$840), how the cost will be paid by the landowners in the district (per parcel) and whether all the landowners consent to the creation of the district (all consent, only developer).

Because all the landowners consented to the creation, the County does not have to hold a hearing to create the district.

The County may want to include Tract 1 of Certificate of Survey No. 3857 in the district. The road appears to benefit the parcel. It seems to be the only way to the parcel.
